QUALITY STATUS

(explained)

The Quality Parish and Town Council scheme was launched in June 2003, following the publication of the governments Rural White Paper 2000. The scheme was designed to provide benchmark minimum standards for Parish and Town Councils and enable them to better represent the communities they serve. In order to achieve Quality Status, Parish and Town Councils must demonstrate that they have reached the standard required by passing several tests. The tests exceed the statutory duties of Town/Parish councils and represent the standards that an efficient, well-run Town/Parish council should achieve.
